DETAILED ACTION

This supplemental Notice of Allowability is issued to correct the original Notice of Allowability dated 10 November 2005 that erroneously cited allowable claims as being 2-11 in lieu of claims 2-13.

Allowable Subject Matter

Claims 2-13 are allowed. Claim 1 has been canceled by the Applicant.

The following is an examiner's statement of reasons for allowance:

The Examiner considered Patent Number 5,697,061 by Krueger et al to be the prior art most closely related to the Applicant's claimed invention. Although the radio frequency transmission apparatus disclosed by said patent includes labels 18 that display text messages within a retail environment, it fails to disclose or suggest such a label attaches to a shopping cart wheel retaining device and incorporated in the Applicant's independent claims 2 and 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The following prior art made of record and not relied upon is considered pertinent to applicant's disclosure:

Patent Number US 6,177,880 B1 by Begum because of its display 24,

Patent Number 6,137,990 by Javitt because of its labels 10, and

Patent Number 4,879,756 by Stevens et al because of its LCD display 38.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark J. Beauchaine whose telephone number is (571)272-6934. The examiner can normally be reached on 8:00AM through 5:00PM Mondays through Thursdays.
